Welcome

About the project

The "ID GAMES" project is based on the belief that each person should be given the chance to be accepted, valued and have equal opportunities to develop their skills and personality. Social inclusion of people with disabilities, are the key aims of the "ID GAMES" project which proposes a new methodology of participatory living labs for inclusion of people with intellectual disabilities through the co-creation of games in local communities.

Moreover ID GAMES empowers the practical, cognitive and social skills of people with intellectual disabilities through 6 serious games that have been created with their participation from the concept idea till the refinement. Finally it enhance the skills and competences of trainers of people with intellectual disabilities, relevant professionals, caregivers and organizations addressing them through this E-course.

About the E-course of ID GAMES

This e-course is the culmination of ID GAMES project's efforts. It is targeted at trainers, carers and people of local community who are interested on the inclusion and empowerment of people with intellectual disabilities. The course will guide the participants through all steps of understanding the needs of people with intellectual disability, learning how to implement the innovative methodology of participatory game co-creation living labs as well as how to use the 6 serious games of ID GAMES for the empowerment of skills of people with intellectual disabilities.

The course consists of 4 modules and is available in 5 languages (English, Greek, Portuguese, Romanian, Polish). The participation on it is free, so feel free to enroll and attend all or specific modules that you are interested in! After the completion of all the modules of the E-course and the evaluation of your learning outcomes through small quizzes you will take a certificate of participation!

Guide

The following guide will help you through the platform. Enjoy it!

Registration

To register to our platform please click on the menu or on the button in upper right corner.

Next step is to fill the form. All fields with this sign  are **mandatory**!

Choose your username and password

Username 

The password must have at least 8 characters, at least 1 digit(s), at least 1 lower case letter(s), at least 1 upper case letter(s), at least 1 non-alphanumeric character(s) such as as *, -, or #

Password 

More details

Email address 

Email (again) 

First name 

Surname 

City/town

Country

Be careful at the password section. The password must have at least 8 characters, at least 1 digit(s), at least 1 lower case letter(s), at least 1 upper case letter(s), at least 1 non-alphanumeric character(s) such as *, -, or #. For example, **Idgames1#**

After you are ready press the **Create my new account** button.

This is the final screen.

An email should have been sent to your address at **mousafirisvasilis@gmail.com**

It contains easy instructions to complete your registration.

If you continue to have difficulty, contact the site administrator.

Continue

An email with a verification link arrives at your email account. Don't forget to check your spam folder!

A new account has been requested at 'E-LEARNING PLATFORM OF ID GAMES PROJECT' using your email address.

To confirm your new account, please go to this web address:

<https://lms.idgames.eu/login/confirm.php?data=XCTN9yGxcjQ04Fy/vaskarditsa>

In most mail programs, this should appear as a blue link which you can just click on. If that doesn't work, then cut and paste the address into the address line at the top of your web browser window.

If you need help, please contact the site administrator,

IDGames Project
euprojects@e-sl.gr

You must press the link to activate your platform account.

After pressing the link you will be redirected to the platform and you will see the confirmation. **Your registration has been confirmed**

Your registration has been confirmed

Continue

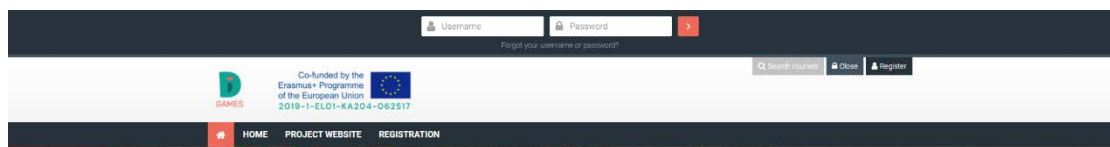

Now you can login to the platform!

Login

You can login pressing the login button at the top right position

After that you will see the bar to extend you will be able to input the username and the password you entered at the registration form.

In case you put wrong credentials you will see the following screen:

Invalid login, please try again

Remember username

After your successful login you will see Platform home page.

Welcome to ID GAMES e-Course

Thank you for registering to ID GAMES course!
Please choose the language of the course

English course, Greek course, Polish course, Italian course, Portuguese course

Return to site

1. Introduction
This module introduces the course and provides an overview of the course content. It also includes information about the course objectives and the role of the course in the overall project.

2. Overview of intellectual disability
This module provides an overview of intellectual disability, including its definition, prevalence, and the challenges faced by people with intellectual disability. It also discusses the importance of social inclusion and the role of serious games in promoting social inclusion.

3. Inclusion of people with ID through serious games
This module focuses on the use of serious games as a tool for promoting social inclusion for people with intellectual disability. It discusses the benefits of serious games and provides examples of serious games that have been used in this context.

4. Inclusion of people with ID through ID GAMES workshops
This module describes the ID GAMES workshops, which are designed to provide people with intellectual disability with the opportunity to learn about serious games and to develop their own serious games. It also discusses the role of the workshops in promoting social inclusion and the use of serious games in education and training.

Registration and enrolment process
If you are interested in taking the course, please click on the 'Register now' button. This will lead you to the registration page, where you will need to provide your personal details and create a user account.

Step 2: Build the course
Once you have registered, you will be able to access the course content. You will need to complete the course modules and pass the final assessment in order to receive a certificate of completion.

Partnership
The ID GAMES project is a partnership between several organizations, including the European Union, Erasmus+, and various academic and research institutions.

About the ID GAMES project
The ID GAMES project is a European Union-funded project that aims to promote social inclusion for people with intellectual disability through the use of serious games. The project is led by the University of Applied Sciences in Vienna, Austria, and involves a consortium of researchers and practitioners from several European countries.

English Course (English)

Read more

The whole time in the platform at the top you can find the menu at the top where you can access the home button, the modules you have seen, the project website and this guide.

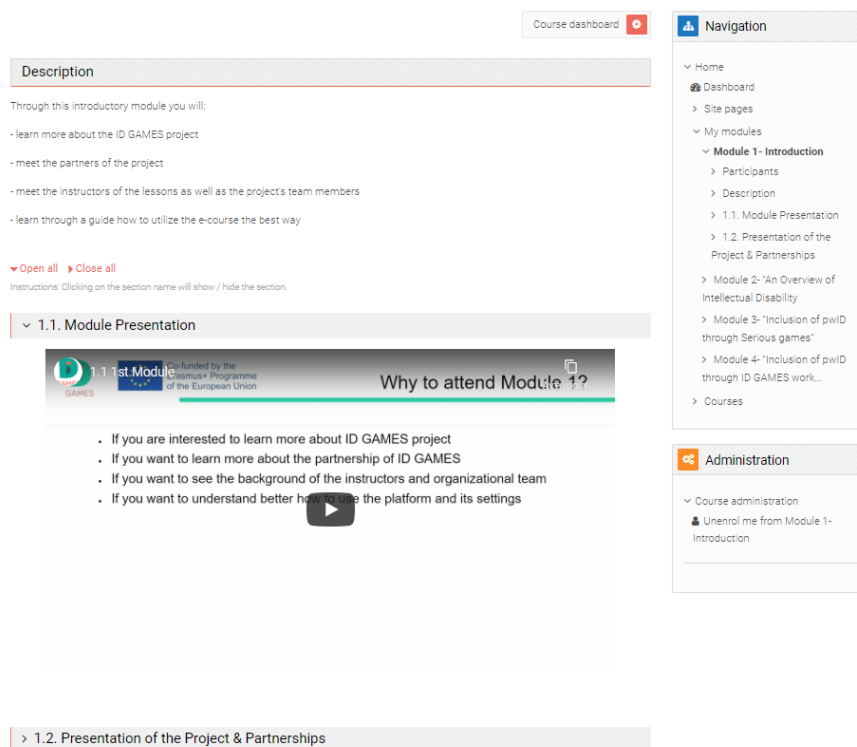

Module Page

Let's see how to access every module.

By pressing the title for example **1.1. Module Presentation** it opens and you can watch the content.

At the right side you can access all the modules and the dashboard.

Dashboard

Here is a mini control panel of the platform. You can access all the modules you watch.

The screenshot displays the GAMES dashboard interface. At the top, there is a header with the GAMES logo, the text "Co-funded by the Erasmus+ Programme of the European Union 2019-1-EL01-KA204-062517", and a search bar with the text "Search courses" and a "Vasilis" profile icon. Below the header is a navigation bar with a home icon, "My modules (4)", and links for "HOME", "PROJECT WEBSITE", and "REGISTRATION". The breadcrumb "Home > Dashboard" is visible below the navigation bar.

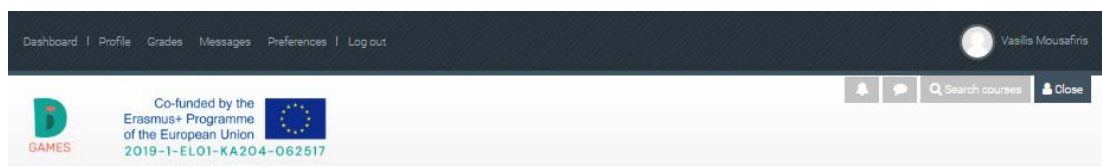

The main content area is titled "Course overview" and features a filter "All (except removed from view)" and a "Course name" dropdown. It displays four course cards in a 2x2 grid:

- Introduction**: Through this introductory module you will learn more about the ID GAME project, meet the partners of the project, meet the instructors of the lessons as well as the project's team members. English Course (English). Module 1- Introduction.
- Overview of Intellectual disability**: The key learning outcomes will be: defining the term intellectual disability and the severity levels, realizing the main needs of people with intellectual disabilities and identifying methods of supporting them, investigating the attitudes of nondisabled people towards. English Course (English). Module 2- 'An Overview of Intellectual Disability'.
- Inclusion of people with ID through serious games**: The key learning outcomes will be: understanding what is a serious game, reflecting on ways that games can support people with intellectual disabilities, investigating how to adapt a game for specific needs. English Course (English). Module 3- 'Inclusion of pwID through Serious ...'.
- Inclusion of people with id through ID GAMES workshops**: The key learning outcomes will be: understanding the objectives and the purpose of the event, learning step by step how to implement the co-creation game workshops, realizing the challenges and the opportunities. English Course (English). Module 4- 'Inclusion of pwID through ID GAMES ...'.

On the right side, there is a "Navigation" panel with a home icon and a list of links: Home, Dashboard, Site pages, My modules, Module 1- Introduction, Module 2- 'An Overview of Intellectual Disability', Module 3- 'Inclusion of pwID through Serious games', Module 4- 'Inclusion of pwID through ID GAMES work...', and Courses.
